CARD READER CLEANER CARDS*

Credit cards have oil and dirt on the surface and with every swipe into the credit card reader, it is transferred into the card reader and onto the magnetic heads. Eighty percent of the reason why these readers fail is due to the accumulation of that dirt and oil. By using the cleaner cards, it will prolong the life of the reader.

Model # ATM-CARD-CLEANER

*Ideal for cleaning credit card readers, POS readers and ATM's.

Dealer Price: \$0.79 each or
\$24.95 per box of 40

VAULT LADDERS

BANKMARK, INC.

PUSH IT; IT ROLLS. STEP ON IT; IT STOPS.

Stop-Step Ladders® and Kik-Steps® give you sure, firm dependable footing 14 inches to 4½ feet off the floor. When a person's weight is applied, the casters retract and the steel domes surrounding them lower to the floor, gripping it with non-skid elastomer rings. Ladders give you 18-54 inches of firm, solid footing that's as secure as the front steps of your house. Construction specifications call for rigid one inch square, high-tensile strength aluminum struts, frames, and braces with 8 x 16 inch heavy gauge extruded aluminum steps on a 9" rise. The Ladders durable double baked enamel finish is available in 82-grey, 19-beige or 10-yellow.

DEALER DISCOUNT Take 40% off List Price
