

THE BANKER'S SERIES

PNEUMATIC TUBE SYSTEM CARRIERS

MADE IN THE U.S.A.

THE UNPRECEDENTED flexibility of BankMark carrier bodies makes these models the most versatile in the industry. There are over 35 models for 4" or 4½" tubing. Customize your carrier through an assortment of:

- *air discs *air rings *weights *end caps
- *felt ends *bumpers *two side-opening body styles
- *clear/color halves *black or white opaque body for optics

All side-opening carriers are assembled from basic clear body types with assorted colored end caps and a variety of air disc sizes to fit 4" or 4½" steel tubing systems.

SIDE-OPENING CARRIERS

End caps available in blue, red, yellow, green, orange, black and white.
Designed to fit 8½" x 11" pages
without crimping.

STAINLESS STEEL PRODUCTS

All models are fabricated from 304 stainless steel. They are designed for walkup or driveup deposit windows and/or ATM kiosks.

938

The 938 is suitable for indoor or outdoor installation. It is designed for mounting near walkup windows or ATM kiosks. Designed with 2 vertical compartments for forms or #10 envelopes. Holds approximately 200 envelopes. It is securely rear mounted with a durable clear lexan cover that is contoured downward over the forms/envelopes to provide protection from inclement weather.

9" wide x 3" deep x 10½" high
PRICE: \$184.00

FDH3

This sturdy dispenser is designed to be mounted on top of kiosk with 4 mounting holes in bottom. Each compartment is 9¼" deep x 3½" wide and dispenses bank forms or drive-up bank envelopes. The support post for mounting is sold separately. The fixed steel square post is 32" high and is finished black for an attractive look. 13½" wide x 10" deep x 5" high

PRICE: \$257.25
FIXED POST: \$114.50

ACC03

Make deposits easy for bank customers. Just one simple movement by your customer will initiate the presentation of **ONE** envelope at a time. No jams or bunches of envelopes will slow a customer's need for quick depositing at your ATM. The ACC03 envelope dispenser's "one-moving-part" is the most advanced design. It offers dependable customer service every

time. Holds up to 150 envelopes. Volume window provides a quick check for low inventory. Easily installed by your personnel in less than one-half hour using a template provided. PRICE: \$395.00

1811

Pass through tray measures 18" x 11" overall and is suitable for indoor or outdoor installation. It is mounted into a 16½" x 9¼" counter top opening. The transfer tray is 1-5/8" deep. A one inch lip around the outer edge gives immediate finished appearance when set in place. Designed with or without ¼" lexan wind guard for easy transfer of cash, checks, or other documents while protecting employees and loose papers from the effects of sudden gusts of air.

PRICE WITHOUT WINDGUARD: \$198.75
PRICE WITH WINDGUARD: \$225.50

168A

Attractive and strong, this sturdy dispenser is suitable for indoor or outdoor installation. It is ideal for mounting next to night depository units. It is securely rear mounted by five screws. Writing surface is 16" wide x 8½" deep x 5½" high. It contains two envelope compartments that measure 10" wide x 5½" deep x 2½" high with a clear lexan door that protects the envelopes. Holds approximately 200 envelopes. PRICE: \$225.25

NEW BG12-A (14 oz. aerosol can, orange label) is a foaming tarnish remover/metal cleaner. This non-corrosive, non-abrasive cleaner/polish contains natural citrus oils for cleaning power, surface brilliance and has a fresh orange fragrance. Works great on brass, silver, copper, mild steel, chrome, stainless steel and aluminum.

BG11 line is a stainless steel/metal cleaner & polish. They clean, polish, prevent corrosion and gloss over scratches and leave a hard protective coating. Brings out the original sheen of bright finished metals. Safe and effective on metals as well as formica and porcelain.

BG26-A is a glass & transparency cleaner that clings to the surface. Leaves no residue behind. 19 oz aerosol can.
