

5000SE

The flexible choice for high-volume transactions.

The **5000SE** gives you the flexibility to store from 1,000 to 6,000 notes in a rock-solid machine that handles high-volume transactions with ease. The handsome design fits into any setting while delivering a user-friendly experience for every customer. Enhanced security and maximum uptime provide peace of mind. Of course, you receive the same high quality and proven reliability you expect from industry leader Nautilus Hyosung.

HIGH CAPACITY

The innovative **5000SE** accommodates one 1,000-note or up to three 2,000-note cassettes for a maximum storage of 6,000 notes. The dispenser profile can be adjusted to suit even the highest demand, making this the ideal solution for large-volume transactions.

EXTRA SECURITY

Put your mind at ease knowing that the **5000SE**'s high-volume of notes can be protected with an entry level, Level 1 safe option. This model's unique design also allows you to add an optional camera for added security.

INNOVATIVE DESIGN

The **5000SE** sports a sleek look with a metal key cap electronic pin pad plus the latest advancements in ATM technology.

RELIABILITY

You can count on the rugged **5000SE** to stand up to heavy use. Its ease of maintenance and simplified service provide maximum availability and maximum uptime with minimal operational intervention.
