

Model: Hera

The Hera is a Walk-Up/Lobby ATM Surround with a very low cost, but with the flexibility of different side car options, allowing the ultimate in flexibility for multi-contiguous ATM's at a single location.

Parabit specializes in durable ADA compliant ATM Surrounds. With over 15 years of experience in design, manufacturing and installation of ATM Surrounds, we are experts in the ATM industry, as well ATM security. Our 25,000 square foot facility includes in-house design and production departments that will engineer your ATM Surround to include many ATM Security accessories and ATM enhancements such as:

- ATM Safety/Information Panels
- Light Monitor
- Courtesy/Emergency/911 Telephone
- Digital Signage
- Network Logo Panels
- Brochure Holders
- Writing Shelves
- Waste Bins
- Envelope Dispensers

Parabit manufactures its ATM Surrounds, ATM Toppers and ATM Accessories from metal, plastic and wood or any combination of materials providing a solution of any size matching your unique branding.

We specialize in Branding...

Your surround can be branded with an eye catching ATM wrap, static illuminated graphic, neon film graphic or digital signage. Additionally, Parabit offers turn-key digital signage content management services.

Our ATM Surrounds can ship anywhere in the world. Within the United States our National Authorized Installation Partners will provide on-time and accurate installation of all of our equipment.

Parabit ATM Surrounds are compatible with the world's leading ATM manufacturers, including:

- **Diebold**
- **Fujitsu**
- **Nautilus Hyosung**
- **NCR**
- **Triton**
- **Wincor-Nixdorf**

NEW!

ATM Vinyl Wraps

Location! Location! Location!

Parabit's manufacturing abilities allow us to design and produce visually stunning vinyl wraps for your ATM'S! The wraps are made of a durable vinyl and communicate a powerful branding image throughout the ATM.

ATM Surround Accessories

Ooooo LaLa !

Network Logo & Safety Signage

Parabit provides custom or stock Network, Fee and Safety Panels for any location. Our graphics and design department will layout your provided images or create the image you need.

Emergency/Courtesy Telephones

Parabit's Telephones provide reliable communication with your customer service centers, central security stations and Help Desk services. Since our phones are made of durable high impact materials, you can be sure they can withstand even the harshest conditions.

Light Monitor

The Light Monitor detects light changes in security conscious environments. The Light Monitor interfaces to any alarm panel when lighting conditions fall below or rises above the pre programmed setting of foot candle illumination.

Such environments include:

- ATM Vestibules
- Parking Lots
- Stairwells
- College Campuses

Mirrors

The security and safety of your customers is a number one priority. That is why all locations should have a clean quality mirror located above your ATM machines.

Our wide view mirrors enable the ATM user to discreetly observe those behind them. Made from durable plastics, our ATM Mirrors will weather most conditions.

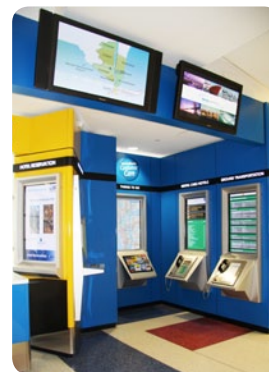

Envelope Dispensers/Waste Bins

Keep your ATM area neat and free of trash with our Waste Receptacles and Envelope Dispensers. These integral add-on products are fabricated from durable ABS plastic, supporting installation in any environment.

Digital Signage

Parabit's Digital Signage Solution provides real-time information to your clients. You can display product promotions or ATM safety tips on the digital screens! Digital Signage is also a great informational portal; you can provide clients with real-time information on loans and other pertinent information.
